Workshop Program

Friday 7 October

12:00	RAAus: The Future and Open Forum. Mick Monck and Michael Linke. An informative update from RAAus on recent organisational reform together with plans for the future.	Main Auditorium
12:00	SAAA: Plan your Build. Andrew Long. The importance of good planning.	SAAA Hangar
13:00	RAAus: Runway Loss of Control/Normalisation of Deviance Jill Bailey. Two crucial areas members of RAAus experience difficulties. Join this seminar for valuable information to help you become a better pilot.	Main Auditorium
13:00	SAAA: Two weeks to Taxi Glastar. Jim Williams. My experience building at the Factory on their "2 weeks to Taxi program."	SAAA Hangar
14:00	Garmin's Newest Aviation Products. Pat Coleman. Come and learn about Garmin's newest aviation products. From Light Sport Aircraft to business jets and portables to ADS-B, Garmin has a solution for you."	Main Auditorium
14:00	SAAA: Build Your Own Engine Part 1. Richard Talbot and Rob Lawrie. Our own engine project.	SAAA Hangar
14:00	CASA: Human Factors in Aviation. Mick Poole and Steve Fickling. An informative and interesting session from CASA on human factors in aviation.	Bellman Hangar
14:00	SAAA: Our IT system and an update. Tony White. Discussion on the SAAA IT system.	SAAA Small Hangar/Workshop
15:00	Av Plan Software Q and A Bevan Anderson. AvPlan EFB - The Electronic Flight Bag for all pilots.	Main Auditorium
15:00	SAAA: Build Your Own Engine Part 2. Richard Talbot and Rob Lawrie. Our own engine project.	SAAA Hangar
15:00	HGFA: Get into HGFA Sport Flying. Peter Allen. General information session about the Hang Gliding Federation of Australia and the types of flying you can do under the HGFA banner.	Bellman Hangar
15:00	SAAA: Introduction to Schedule 8. Peter Leonard. Discussion on Schedule 8 maintenance.	SAAA Small Hangar/Workshop
16:00	All About GA Insurance from QBE. Jenna Davies. Overview of Hull and Liability and Hangar Keepers' Liability coverage plus recent relevant General Aviation claims cases.	Main Auditorium
16:00	SAAA: Composites 101. Lindsay Danes. Composite structures the basics.	SAAA Hangar

Saturday 8 October

9:00	RAAus: The Future and Open Forum. Mick Monck and Michael Linke. An informative update from RAAus on recent organisational reform together with plans for the future.	Main Auditorium
9:00	SAAA: Advanced Composites. Lindsay Danes. Tricks and Tips using Composites.	SAAA Hangar
9:00	Composites. Raymond Tolhurst. An informative session on composites, looking at the history, types, chemicals and safety processes in handling composites.	Bellman Hangar
10:00	The Magic Behind Your Glass. Panel Kirk Kleinholz. Learn about the technology that makes electronic flight information systems affordable and practical for small general aviation aircraft. A better understanding of the internal workings of these instruments will illustrate how they offer reliability, affordable redundancy, and greater situational awareness.	Main Auditorium
10:00	SAAA: Plan Your Build. Andrew Long. The importance of good planning.	SAAA Hangar
10:00	HGFA: Get into HGFA Sport Flying. Peter Allen. General information session about the Hang Gliding Federation of Australia and the types of flying you can do under the HGFA banner.	Bellman Hangar
11:00	RAAus: Safety Summit. Katie Jenkins. RAAus has developed an innovative safety strategy and this seminar will focus on safety improvements and occurrence reporting.	Main Auditorium
11:00	SAAA: TCs, APs and our SAAA Training Manuals. Norm Edmonds. SAAA, the network to assist builders.	SAAA Hangar
11:00	Rotary Engines - Adapting the Mazda Rotary to Aircraft Use. Neil Unger. Watch a Rotary tear down and learn how this engine is a great elternative to current engines on the market.	Bellman Hangar
12:00	RAAus: Runway Loss of Control/Normalisation of Deviance. Jill Bailey. Two crucial areas members of RAAus experience difficulties, join this seminar for valuable information to help you becoem a better pilot.	Main Auditorium

Note: Seminar times and venues may change without notice. Please check with www.ozkosh.com.au for the up to date seminar schedule.

Workshop Program

Saturday 8 October

12:00	SAAA: SMS. <i>Martin Daniels.</i> Learn about opportunities and challenges of our new Safety reporting system.	SAAA Hangar
12:00	OzRunways - Human Factors and The EFB. <i>Scott Bretland and Rowan Wilson.</i> The aim of this seminar is to bring to light some of the human factors issues of EFB technology in recreational aviation. The presentation will touch on issues such as human-machine interface, EFB assisted decision making, and workload and automation management.	Bellman Hangar
13:00	APF: Australian Skydiving - 55 years in development. <i>Brad Turner and Richard McCooey.</i> Hear about the development of parachuting through the ages from silk and barnstorming to wingsuiting & high performance parachutes in today's airspace.	Main Auditorium
13:00	SAAA: Do you want to build an Aircraft. <i>Brian Ham.</i> Learn the ins & outs of building and maintaining your own aircraft. This will be a comprehensive presentation covering every important aspect of your build journey from the decision to buy through to your first flight and beyond.	SAAA Hangar
13:00	ADS-B for VFR WaADS in it for you? <i>Hans Seiker and James McDonald.</i> Safety message leading into what ADS-B technology can provide the VFR operator, ADS-B terminology/technology explained, differences/benefits of compliant solutions, solution options/advantages/pit-falls, Q & A.	Bellman Hangar
14:00	OzRunways - The EFB Pre-flight. <i>Bas Scheffers and Rowan Wilson.</i> The focus of this presentation will be on assisting those who have transitioned from paper based maps to develop habit patterns which will see them avoid the potential limitations inherent in EFB systems.	Main Auditorium
14:00	SAAA: Technical Overview and Roadmap. <i>Geoff Danes.</i> Part 149 the roadmap and why we must.	SAAA Hangar
14:00	What's New at Jabiru. <i>Rodney Stiff.</i> Find out what's been happening at Jabiru and what's new.	Bellman Hangar
15:00	RAAus: Safety Summit. <i>Katie Jenkins.</i> RAAus has developed an innovative safety strategy and this seminar will focus on safety improvements and occurrence reporting.	Main Auditorium
15:00	SAAA: Overview. <i>Rob Lawrie.</i> SAAA update on the business of National Council.	SAAA Hangar
15:00	CIRRUS – Past Present and Future. <i>Graham Horne.</i> Where we come from. Where we are going and the vision of the future.	Bellman Hangar
16:00	RAAus: Weight and Balance and the new Technical Manual. <i>Jared Smith.</i> Learn how to weigh and balance your aircraft and discuss the new RAAus Technical Manual.	Main Auditorium
16:00	SAAA: Risk Radar Aviation RRav - Plan, Build, Fly. <i>Andy George and John Smith.</i> Come and be briefed on how Risk Radar will help SAAA deliver its Mission Statement, and guide the builder to deliver a safer aircraft and flight test program. How it works.	SAAA Hangar
16:00	All About Tecnam. <i>Giovanni Nustrini.</i> Find out what's been happening at Tecnam and what's new.	Bellman Hangar

Sunday 9 October

9:00	RAAus: The Future and Open Forum. <i>Mick Monck and Michael Linke.</i> An informative update from RAAus on recent organisational reform together with plans for the future.	Main Auditorium
9:00	SAAA: Risk Radar Aviation, Questions and Discussion. <i>Andy George and John Smith.</i> Discussion on RRav. Q and A.	SAAA Hangar
10:00	RAAus: Weight and Balance and the new Technical Manual. <i>Jared Smith.</i> Learn how to weight and balance your aircraft and discuss the new RAAus Technical Manual.	Main Auditorium
10:00	Horsham Aviation: Overview of Dynon Products. <i>Kirk Kleinholz.</i> An overview of the Dynon range of products.	Bellman Hangar
11:00	APF: Australian Skydiving - 55 years in development. <i>Brad Turner and Richard McCooey.</i> Hear about the development of parachuting through the ages from silk and barnstorming to wingsuiting & high performance parachutes in today's airspace.	Main Auditorium
11:00	SAAA: Plan your build. <i>Andrew Long.</i> The importance of good planning.	SAAA Hangar

Note: Seminar times and venues may change without notice. Please check with www.ozkosh.com.au for the up to date seminar schedule.

Activities & Displays Programme

Friday 7 October

- 1200** Air show opens
- 1200-1600** Seminars (see programme)

- 1200-1300** Trial Instructional Flights in the Savannah XL
- 1700-Late** Band Johnny Wood
Movie The Development of Carrier Landings
Aero Club/Gliding Club area

Saturday 8 October

- 0600** Breakfast
- 0700-0800** Paramotor Pylon racing competition
- 0800-1000** Aircraft arrivals
- 0900-1700** Seminars (see programme)
- 1200-1300** Trial Instructional Flights in the Savannah XL
- 1000-1300** Air Displays
 - ➔ Moyes Gekco
 - ➔ Moyes RX3.5
 - ➔ Moyes RS4
 - ➔ Parachute drop
 - ➔ DEHavilland DH4-104 handling display
 - ➔ Sonex low level handling display
 - ➔ Extra EA-300 high energy aerobatic display
 - ➔ Extra EA-200 high energy aerobatic display
 - ➔ Formation fly past of the Extra EA200 and EA300
 - ➔ MDM Fox
 - ➔ Glider handling display
 - ➔ Model airplane demonstration:
Grummen F-9F Panther (turbine) and Corby Starlet (Piston)

- 0900 | 1000** Paper plane gliding competition
- 1200 | 1300** Aero Club
 - Build a Paper air plane. We will hold heats throughout Saturday to find the paper plane with the best design that flies the greatest distance.
 - ➔ Ages up to 5
 - ➔ 6-10
 - ➔ 11-15
 - ➔ 16-18
 - ➔ 19 and older
- 1400** Final paper plane throw off
 - Prizes will be awarded to the greatest distance in each age division.

Aircraft Judging – SAAA members awards

- Section 1- Grand champion amateur built
 - (Only open to previous winners in section 2 or previous winners of either Concours d'elegance or Grand Champion).
- Section 2 - Aircraft built by a SAAA member
 - ➔ Best wooden aircraft
 - ➔ Clive Canning best metal aircraft
 - ➔ John Liddell best hybred or rag and tube aircraft (hybrid refers to a combination of materials)
 - ➔ Best composite aircraft
- Section 3 - Henry Millicer award
 - Best Australian technical innovation or design.

Aircraft judging RAAus members

- ➔ Best overall aircraft
- ➔ Best soft wing aircraft
- ➔ Best weight shift aircraft
- ➔ Best kit/amateur built aircraft
- ➔ Best factory built aircraft
- ➔ Best powered parachute
- ➔ Longest continued registered aircraft

- 1700-Late** Band Johnny Wood
Award Presentations
Movie The Development of Carrier Landings
Aero Club/Gliding Club area

Sunday 9 October

- 0600** Breakfast
- 1000-1300** Trial Instructional Flights in a Savannah XL
- 0900-1300** Seminars (see programme)
- 1300** Aircraft departures

Over the course of the Oz-Kosh weekend, we will be running the following competitions.

Photo Comptetition

- ➔ The best photo uploaded on the Oz-Kosh 2016 Facebook page or Instagram page
- ➔ The Australian who has travelled the greatest distance to attend
- ➔ The youngest male pilot who has flown in
- ➔ The youngest female pilot who has flown in
- ➔ The oldest male pilot who has flown in

- ➔ The oldest female pilot who has flown in
- ➔ The male pilot with the most hours in their log book in attendance
- ➔ The female pilot with the most hours in their log book in attendance
- ➔ The longest distance flown by a male pilot to attend
- ➔ The longest distance flown by a female pilot to attend

Under 18's scavenger hunt

Entrants to answer a series of questions posed by the exhibitors

Note: Flying Program subject to change without notice due to weather and other operational considerations.

Exhibitor Info

AEROKITS AEROKITS P/L T/A

Reg Brost M: 0418 157 044 info@aerokits.net.au

AeroKits...P/L is the importer and distributor for Savannah STOL kit and Factory Built aircraft in Australia and New Zealand. This rugged, affordable, all alloy, precision, fast build kit with Rotax 4 stroke reliability is an extremely capable aircraft that is a pleasure to fly, own and maintain.

www.aerokits.net.au

AIR SPORT AUSTRALIA CONFEDERATION (ASAC)

Ray Pearson, Executive Officer

Ph: (02) 6162 1365 M: 0417 448 748 eo@asac.asn.au

PO Box 337 Erindale Centre, ACT 2903

ASAC is the Australian member of the Federation Aeronautique Internationale and is the National Airsport Control for all air sports in Australia. ASAC represents some 200,000 active participants and comprises six national member organisations; Australian Aerobatic Club, Australian Parachute Federation, Australian Ballooning Federation, Gliding Federation of Australia, Hang Gliding Federation of Australia and the Model Aeronautical Association of Australia. ASAC oversees international aviation records and world championships held in Australia.

www.asac.asn.au

AIRBORNE AUSTRALIA

Rob Hibberd Ph: (02) 4944 9199 fly@airborne.com.au

22/30 Kalaroo Road, Redhead, NSW 2290

Airborne designs and manufactures Microlights at its Redhead NSW factory for the world market. The company also imports the Magni Gyrocopter range from Italy. Airborne Flight Training operates from Lake Macquarie Airport NSW and customers can learn to fly and pick-up their new or demo aircraft direct from the flight school.

www.airborne.com.au

ANDERSON AVIATION AUSTRALIA PTY LTD

Brett Anderson M: 0428 355 266 brett@andersonaviation.com.au

Gisborne, VIC

Anderson Aviation Australia, the importer for BRM Aero, Bristell Aircraft or Australia, New Zealand and Southern Asia Pacific, who work in conjunction with Central West Flying from Bathurst NSW are displaying the Bristell aircraft here at Ozkosh. For those who want a cost effective 2 seater with one of the largest cabins sizes in its class, excellent luggage capacity and an economical fuel burn usually averaging around 16 Ltrs per hour that can easily take them from Victoria to QLD, the Bristell is the way to go.

www.andersonaviation.com.au

AUSTRALIAN FLYING

Andrew Murphy, National Advertising Manager - Aviation Group

Ph: (02) 9213 8272 andrewmurphy@yaffa.com.au

17-21 Bellevue Street, Surry Hills, NSW 2010

Compiled by a staff of experienced pilot-journalists, Australian Flying's goal is to inform, advise and entertain those at the sharp end of aviation. Australian Flying offers tips to better flying, as well as the latest technologies, accessories and techniques, plus all the latest aviation industry news.

www.australianflying.com.au

AUSTRALIAN PARACHUTE FEDERATION LTD

Brad Turner Ph: (07) 34570100 ceo@apf.com.au

Unit 3/ 2994 Logan Road, Underwood, QLD 4119

The Australian Parachute Federation (APF) is the peak body for the administration, regulation and representation of Australian Sport Parachuting. This is achieved by promoting skydiving and maintaining a high level of safety and by improving the standard of Sport Parachuting to encourage participation and excellence in performance.

www.apf.com.au

AUTO-GYRO AUSTRALIA PTY LTD

Neil Farr M: 0427 936 430 neil@libertysky.com.au

210 National Fitness Camp Road, Manilla, NSW 2346

We are the Australian distributors for Auto-Gyro GmbH, Germany. Our range of gyros consists of 3 models, 2 seat side by side Cavalon, the 2 seat tandem Calidus and MTO Sport. Based near Tamworth at the Manilla Sky ranch, where we offer training, sales and service.

www.auto-gyro.com.au

AVIATION TRADER

Tony Shaw, Business Manager

Ph 1800 025 776 M: 0432 201 710

tony@aviationtrader.com.au

PO Box 226, Lismore, NSW 2480

Aviation Trader is a highly respected monthly marketing publication carrying corporate and private advertising for aircraft and aviation equipment and services throughout Australasia. Circulation is strategically targeted to attract maximum response and now exceeds 16,500. A key objective in our current strategic plan is to maintain the relevance, quality and value of our print publication whilst continuing to invest significantly in digital publication and information delivery resources consistent with the need to guarantee global reach for our advertisers in a cost effective and seamless service environment.

www.aviationtrader.com.au

AVSOFT AUSTRALIA PTY LTD T/A AVPLAN EFB

Peter Derrick Ph: 03 8370 3024 support@avplan-efb.com

PO Box 2850, Cheltenham, VIC 3192

AvPlan EFB, a fully featured flight planner and electronic flight bag in a single package. Plan, brief, file and then fly with AvPlan EFB. With unrivalled weather information, synthetic vision, expansive import and export capabilities and an interface with Jeppesen FliteDeck, AvPlan EFB is the most advanced app available for mobile devices today.

www.avplan-efb.com

BENDIXKING

Stuart Hills M: 0419 141 364 stuart.hills@bendixking.com

45 Grosvenor Street, Abbotsford, VIC 3067

"BendixKing is committed to the creation of innovative, reliable, intuitive avionics for the general aviation pilot. When you choose to fly with BendixKing you can be confident that the products you depend on today will serve you well into the future."

www.bendixking.com

BERT FLOOD IMPORTS PTY LTD

Gary Flood Ph: (03) 9735 5655 gary@bertfloodimports.com.au

17 - 18 Chris Drive, Lilydale, VIC 3140

Bert Flood Imports are the authorised distributor of Rotax aircraft engines for Australia, New Zealand, and South East Asia. Since 1975 over 175,000 Rotax aircraft engines have been produced, including over 50,000 engines of the 912/914 series. Rotax aircraft engines are the first choice of more than 220 aircraft manufacturers worldwide.

www.bertfloodimports.com.au

BOLLY AVIATION

Peter Tapp Ph: (08) 8380 8396 bolly@bollyaviation.com.au

Calvin Grove Airfield, Nash Road, Virginia, SA 5120

Manufacturers of Aircraft Propellers; Bolly Optima Series propellers use the latest in design and construction techniques to produce one of the best range of sports Aviation propellers available. 100% Australian owner and operated they have been in the aerospace industry for over 25 years, designing and manufacturing carbon composite components. The propellers are unbelievably light and strong - you deserve the best in propellers and here they are.

www.bollyaviation.com.au

CIRRUS AIRCRAFT AUSTRALIA

Kreisha Ballantyne M: 0477 796 777 kballantyne@cirrusmelbourne.com.au

21 First Avenue, Moorabbin Airport, VIC

Cirrus Aircraft designs, manufactures, and markets the SR-20 and SR-22 four seat composite aircraft and the new Vision Jet SF50 personal jet. Come and see us and our new Australis at the Cirrus stand.

cirrusaircraft-aunz.info

CIVIL AVIATION SAFETY AUTHORITY (CASA)

Andrew Scargill Ph: (02) 6217 1928 andrew.scargill@casa.gov.au

16 Furzer Street, Philip ACT 2606

CASA provides a world class safety regulatory environment for civil air operations in Australia and the operation of Australian aircraft overseas. CASA provide comprehensive safety education and training programs, cooperates with other government agencies and the industry and administers certain features of Part IVA of the Civil Aviation (Carriers' Liability) Act 1959.

Exhibitor Info

CUMULUS AIRPARK

Ray Gresham M: 0428 835 451 cumulusairpark@bigpond.com

29 Fullerton Road, Kybong via Gympie, QLD 4570

Postal: 1246 Bruce Highway Kybong via Gympie, 4570

Experience fantastic year round flying at Cumulus Airpark, an aviation residential development situated at the top of Queensland's Sunshine Coast. Freehold lots around 3000m² provide 360° views, are level and ready to build on. Cumulus has taxiway access to YGYM, a friendly regional aerodrome with fuel and maintenance facilities available.

www.cumulusairpark.com.au www.facebook.com/cumulusairpark/

D-MOTOR AUSTRALIA PTY LTD

Adam Nagorski M: 0403 485 400 info@d-motor.com.au

47 Tulloch street, Deer Park, Melbourne, VIC 3023

We have privilege to present to you a new fresh designed aviation engine, combining proven old technology, with a modern 21st century management system. The engine represents the best power to weight ratio available on the market today. We are presenting a new D-motor firewall forward package on the Jabiru aircraft as an example of application.

www.d-motor.com.au

ENIGMA AVIONICS PTY LTD

Hans Sieker

M: 0411 525 866 Ph: +61 4 1152 5866 hsieker@enigmaavionics.com.au

Hangar 10, Second Street, Moorabbin Airport, Mentone, VIC 3194

Enigma Avionics specialises in 1090 MHz ADS-B OUT and ADS-B IN with a focus on providing performance compliant, low cost, ADS-B for VFR operations, light sport, recreational, experimental aircraft and UAV aircraft. ADS-B ground stations, networked applications for fleet management offering business efficiencies, ramp checking equipment, recording / analysis systems for engineering works are also available.

www.enigmaavionics.com.au

FOXBAT AUSTRALIA PTY LTD

Peter Harlow M: 0413 900 892 peter@foxbat.com.au

Ido Segev M: 0431 454 676 ido@foxbat.com.au

PO Box 237, Black Rock, VIC 3193

Foxbat Australia is the exclusive Australian distributor for Aeroprakt aircraft. Since our first delivery in 2004, we have sold around 170 Aeroprakt aircraft in Australia. Recently, we introduced the brand new Aeroprakt A32. This addition to the range stalls slow, cruises fast and retains the Aeroprakt hallmarks – big cabin, sweet slow-speed handling and great load carrying.

GARMIN INTERNATIONAL

Pat Coleman Ph: (02) 9679 3441 avionics.asia@garmin.com

1200 E. 151st Street Olathe KS, 66062 USA

Garmin® is a worldwide leader in avionics with a wide variety of panel-mount, remote-mount and portable systems. From the fully integrated, all-glass G5000 avionics suite to our light sport aircraft avionics, Garmin units are made by pilots for pilots for optimal performance, safety and quality.

www.garmin.com

GATTON AIRPARK

Keith Jackwitz M: 0408 716 643 keithjackwitz@gmail.com

811 Tent Hill Creek Road, Gatton, QLD 4343

Gatton Airpark is unique in that we are situated on a hill overlooking the rich Lockyer Valley in South East Queensland. This not only gives magnificent views across the landscape, but provides gentle breezes through summer. Large blocks, town water, 3-phase power and close to all amenities makes this lifestyle choice an easy one.

www.gattonairpark.com.au

GLOBAL AVIATION PRODUCTS

Errol Van Rensburg M: 0415 072 498

Kooralbyn Airfield, QLD

We are the official distributors for the Sling 2 and Sling 4 aircraft, that is manufactured in South Africa, and available in factory and kit build versions. We also recently start the distribution of the Bathawk aircraft, also from South Africa, which are extensively used by farmers, police and defence forces for a variety of roles from small crop spraying to surveillance.

www.gap.aero

HANG GLIDING FEDERATION OF AUSTRALIA (HGFA)

Peter Allen Ph: (03) 9336 7155 M: 0417 644 633 office@hgfa.asn.au

4C / 60 Keilor Park Drive, Keilor East, VIC 3033

The Hang gliding Federation of Australia [HGFA] currently has approximately 3,500 full members drawn across the disciplines of Hang gliding, Paragliding, Powered paragliding and Microlights (trikes). About 15 to 20% of those members participate in competitions with the remainder involved as recreational participants. HGFA Australian members currently have approximately 8 FAI world records. HGFA is affiliated with Australian companies that are leading manufacturers of hang gliders and microlights.

www.hgfa.asn.au

HORSHAM AVIATION SERVICES

Tony Brand Ph: (03) 5381 1727 info@horshamaviation.com.au

PO Box 626, Horsham, VIC 3402

Horsham Aviation Services are the Australian agents for Dynon Avionics since 2005 and EuroFox by Aeropro since 2006. We stock the full range of the latest Dynon glass panel, Solid State instruments. EuroFox is a reliable, economical trainer, glider tug or personal aircraft that is great fun to fly.

www.horshamaviation.com.au

JABIRU AIRCRAFT PTY LTD

Leigh Cooper Ph: (07) 4155 1778

Airport Drive, Hinkler Airport, Bundaberg, QLD 4670

Jabiru leads the way in Light Sports Aircraft with 1,000 Jabiru in Australia and 2,000 in total around the world. Jabiru delivers a superior combination of safety, performance and price. Established for 27 years in Bundaberg Queensland, Jabiru manufactures, aircraft, aircraft kits and aero engines for the recreational and experimental market.

www.jabiru.net.au

MENDELSSOHN PILOT SUPPLIES

Roy Mendelsohn Ph: (03) 9537 3848 roy@ozpilot.com.au

PO BOX 1038, Windsor, VIC 3181

Mendelsohn Pilot Supplies is a family owned and operated Australian company supplying a vast range of aviation equipment from our Melbourne warehouse. SPORT AIRCRAFT ASSOCIATION OF AUSTRALIA (SAAA)

Ph: (02) 6889 7777 enquiries@saaa.com
PO Box 576, Crows Nest, NSW 1585

The Sport Aircraft Association of Australia Inc. is a group of aviation enthusiasts assisting each other to build, maintain and operate sport aircraft. Our core business is the building of amateur built aircraft and the continuous maintenance of aircraft in accordance with the regulations, advisory material and any other requirements including good aircraft engineering practice. We educate members to continuously improve safety outcomes via various means of technical assistance and training.

WINGS OUT WEST

Dan Compton M: 0409 944 619 dancompton@wingsoutwest.com
15R Station Yards Road, Dubbo, NSW 2830 PO Box 1116, Dubbo NSW 2830

Wings Out West is a Recreational Flying School, Maintenance facility and distributor of American Legend aircraft. We provide quality training using the high quality, safe and reliable Legend Cub Aircraft. Cubs have been recognised for around 80 years as superb aircraft to fly and train in. I provide almost 30 years of experience as a Commercial pilot with many of those years in the RAAF and RFDS.
